

CREATING IBM CLOUD SERVICE

Date	26 OCTOBER 2022
Team ID	PNT2022TMID04029
Project Name	GAS LEAKAGE MONITORING AND ALERTING SYSTEM FOR INDUSTRIES

The screenshot displays the IBM Cloud Dashboard. At the top, there's a navigation bar with the IBM Cloud logo, a search bar, and links for Catalog, Manage, and the user's account (Devaprakash S's Account). Below this, the main dashboard area is titled 'Dashboard' and includes options to 'Edit dashboard', 'Upgrade account', and a prominent 'Create resource' button. The 'For you' section features a grid of recommended resources, including 'Build', 'Get Started with Watson Studio', 'Explore IBM Cloud Shell', 'Get Started with the CLI', 'Get started with Watson Discovery', and 'Explore DevSecOps on IBM Cloud'. Each resource card provides a brief description, a 'Popular' or 'Recommended' tag, and an estimated time to complete. At the bottom, there are four sections: 'News' (with links to IBM Cloud Satellite New Pricing, IBM Cloud Data Shield Deprecation, IBM Watson Orchestrate Is Integrating with ThisWay Global, and SLSA Support in IBM Cloud Continuous Delivery), 'Recent support cases', 'Planned maintenance', and 'IBM Cloud status'.
